

## **Message from the Somers Public Schools**

We wish to share with all of our Somers Recreation Department coaches, participants and organizations the excitement generated around the sanding, painting and the complete renovation of our MBA gym floor. The gym looks fabulous. In addition to the floor, the locker rooms and bathrooms, lighting and storage rooms are new and updated.

I am certain that you will agree that we ALL need to monitor the excellent condition of the gym floor and the locker rooms. Please share with all coaches and parents these basis rules for gym use:

- Sneakers only, NO BLACK SOLES
- No food or drink of any kind in the gymnasium
- Water only is allowed for participants
- No valuables should be left in the locker rooms
- Proper care is expected at ALL times.

We everyone's cooperation, we will be able to keep our gym and gym floor in excellent condition!
